

**Class R Weekly Learning Plan**  
**Week beginning 11<sup>th</sup> May 2020**

It was lovely to catch up with everyone on the telephone this week and I really hope you found this helpful. If you haven't managed to do this yet and would like to, just drop me a quick message with your phone number and I will schedule a call with you.

Well done everybody for all the super work you have done on our Growing Plants topic. The maths and literacy work you have posted to me on Tapestry has been truly amazing. I really love all the artwork and am still putting it all together to share with everyone at Saltwood School. I am also putting together all the super pictures you are sending me of your VE celebrations and tea parties.

This week we are continuing our story topic of Jack and the Beanstalk and will use this to begin to create our own stories. I am continuing to add up to 4 daily videos and learning activities to Tapestry. New activities will appear on the website by 8am daily and thank you to everyone who has responded to these.

Some parents have asked me for some extra help to support and motivate their child with reading. I do recommend the e-books on the Oxford Owl website, which I have discovered also provide the option to select an audio version of the book. I will also create some story reading videos and I really hope these will be helpful.

**Suggested Daily Fitness activities include:**

Exercise daily with Hey Duggee! On the Hey Duggee Official YouTube Channel there are lots of dance and exercise videos for your children to join in with:

[https://www.youtube.com/playlist?list=PLmwmigPkv3\\_DAHo69Q2F1U0wH9C-ikMbs](https://www.youtube.com/playlist?list=PLmwmigPkv3_DAHo69Q2F1U0wH9C-ikMbs)

For a slightly more calming and gentle exercise there's also At Home Yoga with Duggee. Your child can follow the children's moves in the video and no equipment is required:
