

**Class R Weekly Learning Plan**  
**1st June 2020**

Hello again everyone. I really hope you has a nice rest over the half term. This week I will be introducing a brand new topic..... 'All about minibeasts.'

This will include stories and puppet shows, outdoor learning , non-fiction research and writing and lots of little bug arts and crafts work.

Below is a brief outline of the weekly activities. Full details of daily lesson and suggested activities will appear on Tapestry by 8am daily. I can be contacted via this app and will respond to any questions and comments.

	Reading/ writing/ phonics	Maths	Topic
Monday	Recap all the tricky words and Phase 3 trigraphs and digraphs  Reading captions	Addition and subtraction problems	Introduction to new topic
Tuesday	Reading captions  Handwriting practise  New digraph ie  New story - Hungry Caterpillar	Counting in 2s and 10s	Minibeast topic work
Wednesday	Tricky words - Days of the week  New digraph ie  Continued Story - Hungry Caterpillar	Counting in 2s and 10s and writing numbers	RE lesson - A gift for a friend
Thursday	Split digraph i...e  Reading games	Counting and writing Numbers in 2s and 10s	Minibeast topic work
Friday	Tricky words  Handwriting practise  Writing story captions	Addition and subtraction problems	Minibeast Topic work

### **Suggested Daily Fitness activities include:**

Talk to your child about setting a PE challenge for this week. Ask them if there is something that they would like to learn to do or get better at doing this week. It could be one of the following, depending on what equipment and space you have at home:

- Riding bike without stabilisers
- Skipping with a skipping rope
- Hula hooping for a certain amount of time (1 minute?)
- Handstand/cartwheel/headstand (if you feel confident supporting them with this)
- Throwing and catching a ball in the air/one handed/left handed/right handed
- Balancing on one leg
- Balancing something on their head for a certain amount of time (1 minute?)
- Balancing a ball on a tennis racket for a certain amount of time/while walking/running/hopping?
- A certain amount of actions within a time limit, eg: 30 star jumps in a minute
- Hitting a ball with a bat confidently

I am sure that through discussion with your child they will be able to think of further ideas and you may have suggestions of your own! They may want to practise the same skill or a different skill each day. Explain that repetition is the key so try, try and try again. This will test their resilience, can they set themselves a target to work towards and not give up if it becomes difficult?

It is a good idea to set a time to reach each day, or a number of reps, for example 5 seconds the first day and see how they get on, increase the time or number of reps as their confidence grows. You could ask them to design a little chart to complete each day (incorporating numeracy and writing skills too!) that looks something like this...

Day	Activity	Time
Monday	Hula hoop	5 seconds
Tuesday	Hula hoop	8 seconds
