## Class R Weekly Learning Plan 29th June 2020

Well done everyone; I really enjoyed learning all about bees with you last week. This week we are going to learn about the different minibeasts which change completely into another creature. This is known as metamorphism and it is truly amazing. I think the children will love learning about this.

As usual I have lots of super activities planned for this topic, which I shall post onto 'Tapestry' daily. Below is a brief outline of the week ahead.

Please contact me via Tapestry and I will respond to any questions and comments.

	Reading/ writing/ phonics	Maths	Topic
Monday	Recap tricky words Recap of new digraphs 'ay' and 'oy' Information slides 'All about tadpoles'	Telling the time activities	Minibeast facts research - tadpoles
Tuesday	Recap tricky words 'ay' and 'oy' digraphs Handwriting practise  Tadpole's promise story	Telling the time activities	Minibeast facts research
Wednesday	Tricky words Phonics Play comic strip reading Handwriting practise  Life cycle of a frog captions	Counting in 10s and 5s Using a hundred square	RE
Thursday	New digraphs 'ou' Phonics Play games	Counting in 10s and 5s Using a hundred square	Minibeast arts and crafts
