

Monday 23rd March 2020

Dear Parents

Thank you for all of your patience at this difficult time. We have been trying to put a home-learning pack together that is going to be manageable for you, whilst trying to keep some structure to your child's day. We appreciate that being at home is going to be hard enough, without the added stress of having to teach your child. We know many of you are also trying to work from home as well as look after other children. Our main goal at present, is to support you, not to add to your stress. We welcome any feedback on how we have structured the week. This is all new to us and we hope that we can work together over the next coming weeks.

Our current history topic is 'Ancient Egypt'. We shall use this as our main teaching focus and shall fit our literacy around it. In maths, we have been learning about fractions. We shall continue with this unit of learning until the end of term (Wednesday 1st April). Both maths and English are taught in the morning, so if you wish to continue with this routine please do. Otherwise, feel free to adapt the time-table to suit you and your child.

We do not expect you to print out worksheets as we understand many of you will not have instant access to a printer. Instead, we ask that where needed, you work from a screen straight into your home-learning book.

We would also like you to share photos of your child's creations during this time. If you could email them to us, in time, we will create a folder for Class 3, documenting all of the wonderful home-learning you have done.

If you have any questions, please email Mrs Wakelin jwakelin@saltwood.kent.sch.uk and we shall endeavour to get back to you as soon as it is possible.

Thank you again for all of your support and understanding.

Kind regards,

Mrs Wakelin and Mrs Richardson
