

Class R Weekly Learning Plan
Week beginning 18th May 2020

Well done everybody for all the super work you have done this week. The maths and literacy work you have posted to me on Tapestry has been truly amazing. I really loved seeing all of your VE activities. Thank you so much for posting these to me. I have put together all the pictures of your family VE celebrations and tea parties and hopefully they will soon be appearing on the school website.

I was really glad to hear this week about how the children are enjoying playing, exploring and learning outdoors. That's wonderful. Keep it up. Below there are also links for further fitness activities. Please feel free to access these whenever you wish throughout the week.

It may have come as a bit of relief to you that this week we finally finished our Jack and the Beanstalk story. Next week I will use this story structure to introduce ways for the children to create their own stories.

As usual, I will continue to add up to 4 daily videos and learning activities onto Tapestry and new activities will appear by 8am daily. Thank you to everyone who has responded to these.

Suggested Daily Fitness activities include:

Cosmic Kids Yoga and Mindfulness YouTube channel.

Basic yoga taught through familiar stories.
